Investment results for 2Q of fiscal 2025(update report)

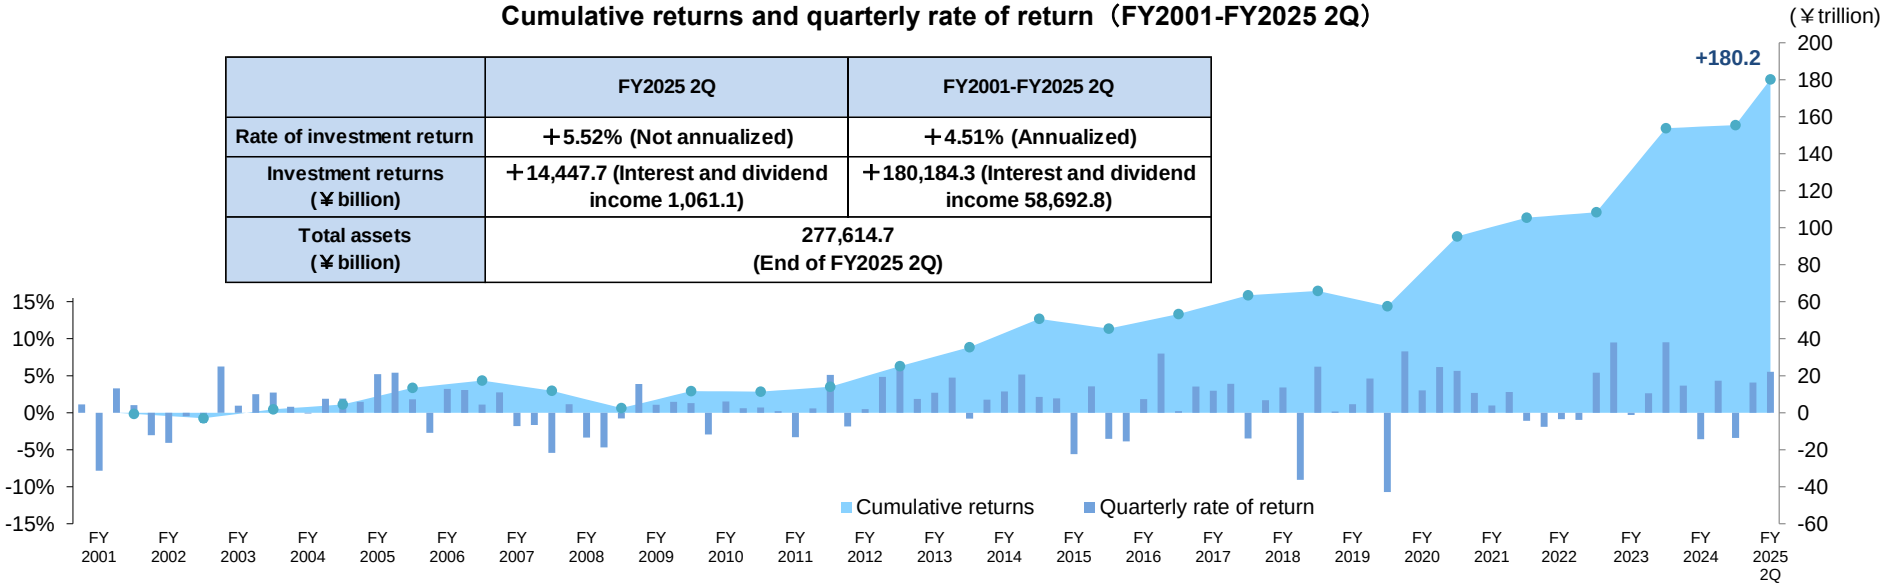

Government Pension Investment Fund

Government Pension Investment Fund (GPIF) manages the public pension fund in the long term and its investment results should be assessed in the same manner. In addition to the annual report, which is legally required, GPIF publishes the quarterly update report to enhance the transparency to the public.

Please note that returns, which are marked to market as of the end of each quarter, are influenced by the market trends.

Cumulative returns and quarterly rate of return（FY2001-FY2025 2Q）

	FY2025 2Q	FY2001-FY2025 2Q
Rate of investment return	＋5.52% (Not annualized)	＋4.51% (Annualized)
Investment returns (¥ billion)	＋14,447.7 (Interest and dividend income 1,061.1)	＋180,184.3 (Interest and dividend income 58,692.8)
Total assets (¥ billion)	277,614.7 (End of FY2025 2Q)	

Note1: Rate of investment return and investment returns are gross of fees. The same applies hereinafter.

Note2: The rate of investment return from FY2001 to FY2019 is the average of the modified total return of the funds invested in the markets (market investment) and the return of FILP bonds weighted with investment principal, and the rate of investment return from FY2020 is time-weighted. The same applies hereinafter.

Note3: Periodic rate of investment return and periodic investment returns are compared from the end of the previous quarter. The same applies hereinafter.

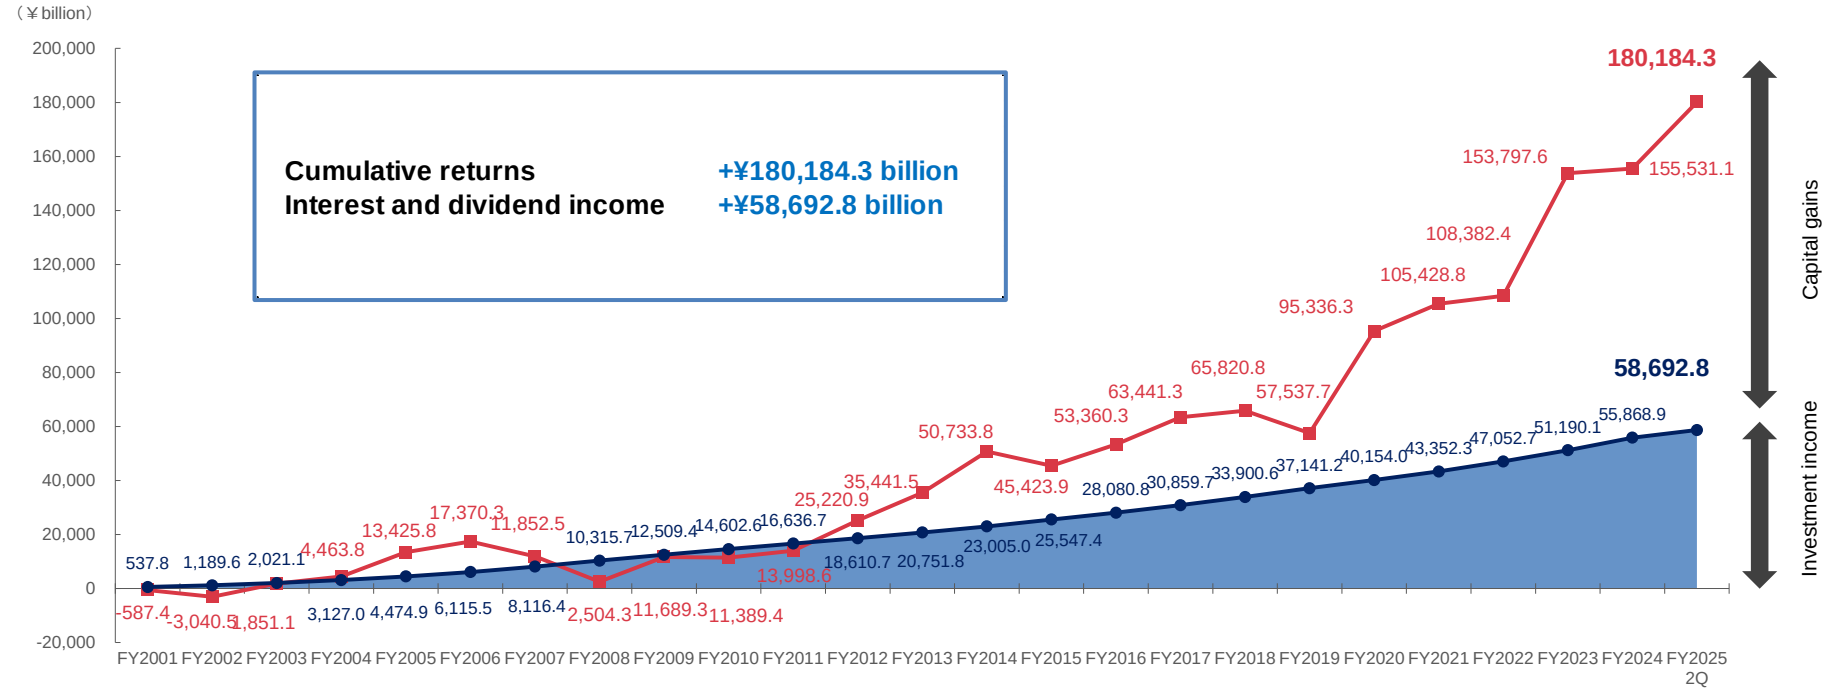

Note4: Rate of investment return (annualized) is calculated as a geometric mean of the annual rate of return from FY2001 to this quarter.

Note5: Cumulative returns indicate the total investment returns so far (from FY2001 to this quarter).

Note6: Figures from fiscal 2023 are based on transaction date. It also includes notional amount of futures transactions. The same applies hereinafter.

Note7: As these figures are preliminary, they may be subject to change in the Annual Report, etc. The same applies hereinafter.

Cumulative returns since fiscal 2001
